

Proposed Path Works to upgrade the Old Torphins Railway Line

Dear Occupant

It is the intention to upgrade the path along the back of your property to a 2m width aggregate path (please see the map below for the extent of the upgrade)

The upgrade will allow other users to enjoy the path such as families with push chairs; cyclists and the less-abled

Please submit any comments to the address below or email on or before Monday 5th March 2012
